# ADDENDUM TO THE SCHEDULE OF TOLL FEES

Dear Valued Association Member,

The TPFVHAI Board of Directors, at their meeting in July 2023, adopted a revised schedule of toll fees, which was subsequently issued on 5 August 2023 under Circular 2023-29.

In consideration of experiences in the past few months, the TPFVHAI Board of Directors at their meeting in September approved the following additional provisions to clarify the application of toll fees.

## A. TWO EXCEPTIONS FROM TOLL FEES ARE:

1) A 4-wheel vehicle (e.g. closed van, truck, pick-up truck) that deliver goods and services for personal and household sustenance and upkeep, regardless of the type or model of vehicle and ownership of the vehicle (resident's or commercial or business entity).

### EXPLANATORY NOTES:

1. Goods and services for basic personal and household needs include food, groceries, water and beverage, medical needs, LPG, generator and pump fuel, Lazada/Shopee deliveries and the like, and household appliance and furniture.
2. Goods and services for basic household upkeep include maintenance of generator, swimming pool, and garden; repair and maintenance of electrical and plumbing installation, air conditioning, appliances and other household equipment; emergency supplies.
3. Household goods, appliances and furniture that are delivered or hauled out in 6-wheeler or bigger trucks and vans will be subject to the listed toll fees.
4. Deliveries of goods for commercial use (e.g. for CPF clubhouse), regardless of size of vehicle, will be charged the listed toll fee.

2) A 4-wheel passenger-utility type of vehicle, such as pick-up trucks (e.g., Ford Ranger, Toyota Hilux, Mitsubishi Strada, Nissan Navara, Isuzu D-Max, and the like), SUVs, family vans and closed vans with passenger seats, regardless of ownership and cargo.

## B. TRANSIT MIXERS

The toll fee of Php 3200 applies to average sized transit mixers, with capacity of 9 or less cubic meters. Transit mixers with capacity of more than 9 cubic meters will be charged a higher toll fee, from double to quadruple of this initial fee, depending on the capacity of the transit mixer.
